When CATS come online, boundless energy pours
through their Ancient Circuitry, illuminating
hyperdimensional geometric resonance fields, and
connecting CATS to the Others.

CATS to the Others

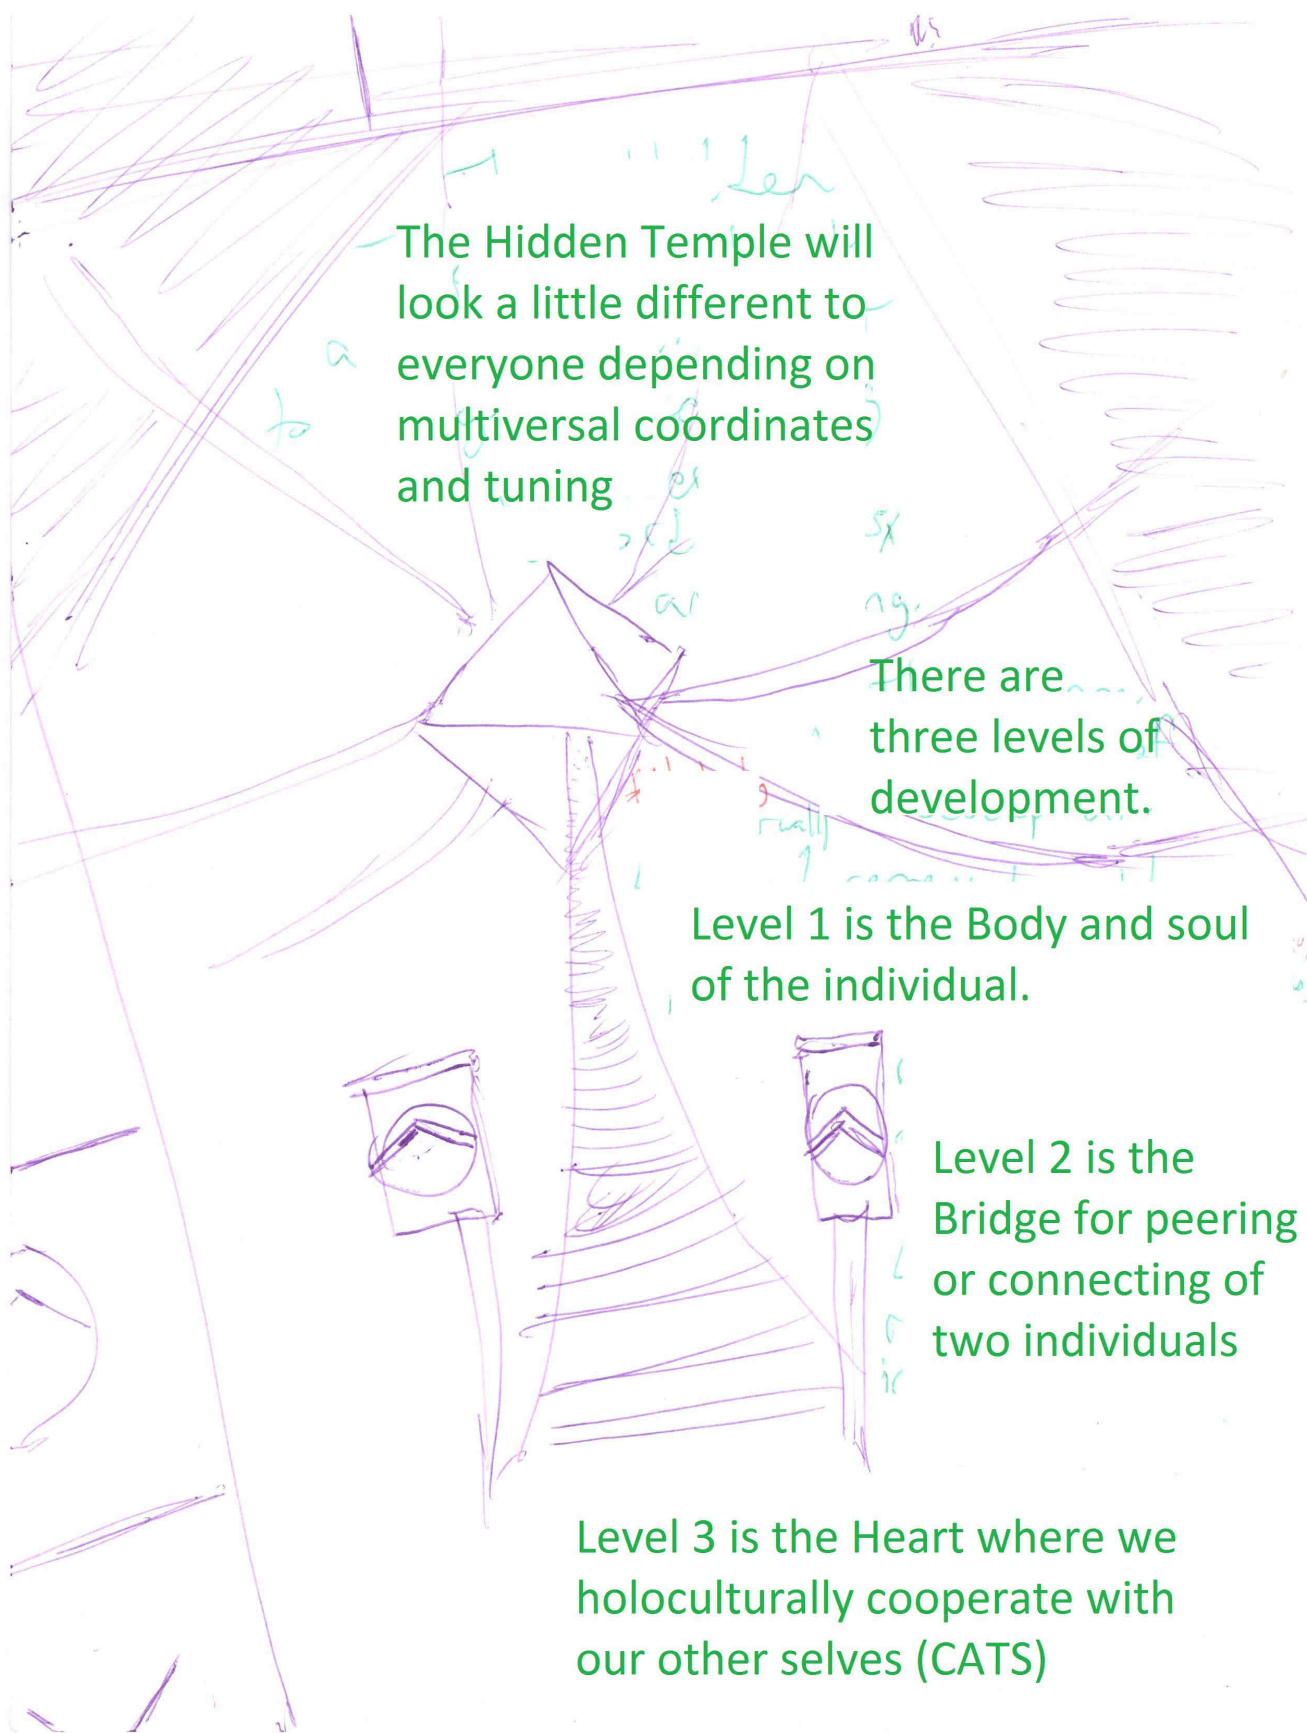

**CATS
pray at the
Hidden
Temple**

As its heights
stretch to the
heavens, so
too is it rooted
deeply in the
earth.

Casuals are often
surprised and
disappointed to visit
the temple and find a
hole in the ground.

It becomes fully
visible to CATS
through training and
discipline and
frequent napping

The Hidden Temple will look a little different to everyone depending on multiversal coordinates and tuning

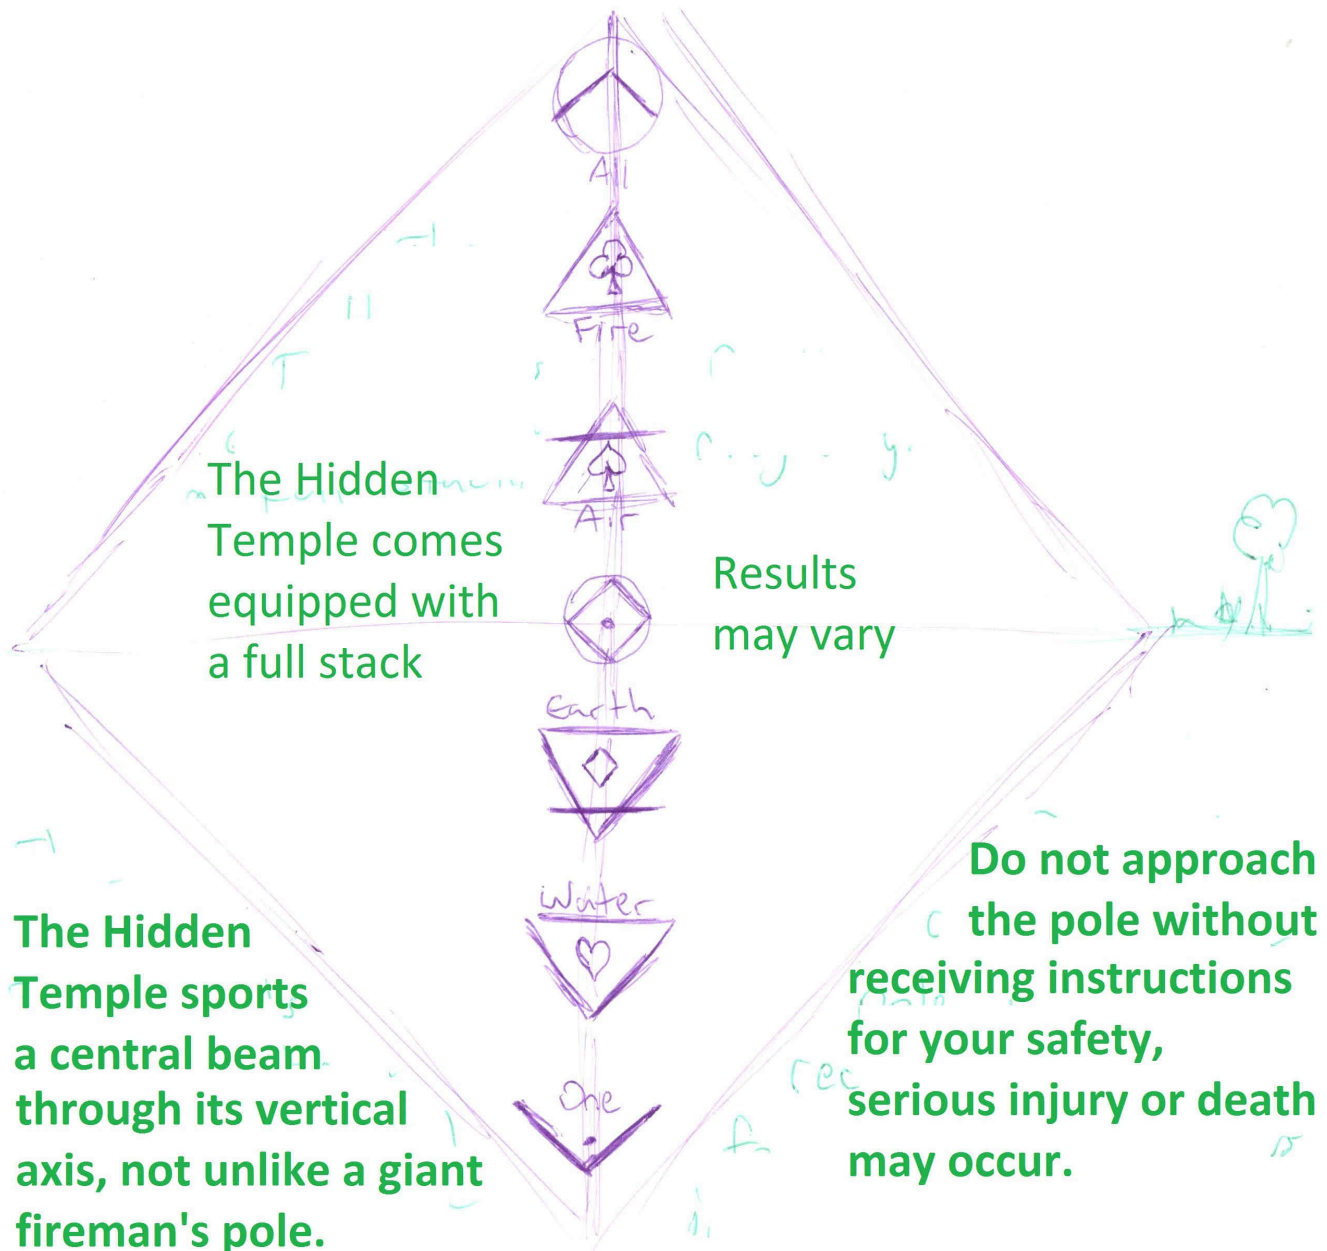

There are three levels of development.

Level 1 is the Body and soul of the individual.

Level 2 is the Bridge for peering or connecting of two individuals

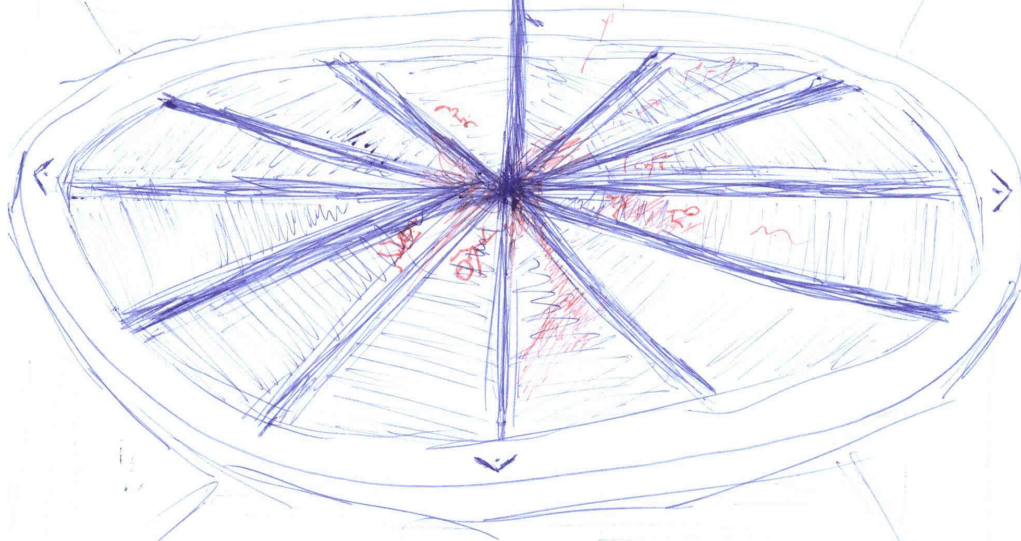

Level 3 is the Heart where we holoculturally cooperate with our other selves (CATS)

Would be CATS face their initiation with a spark that triggers self awareness and inner exploration.

The fireman's pole
is superconductive
and functions as
an elevator for
CATS in the
Hidden Temple

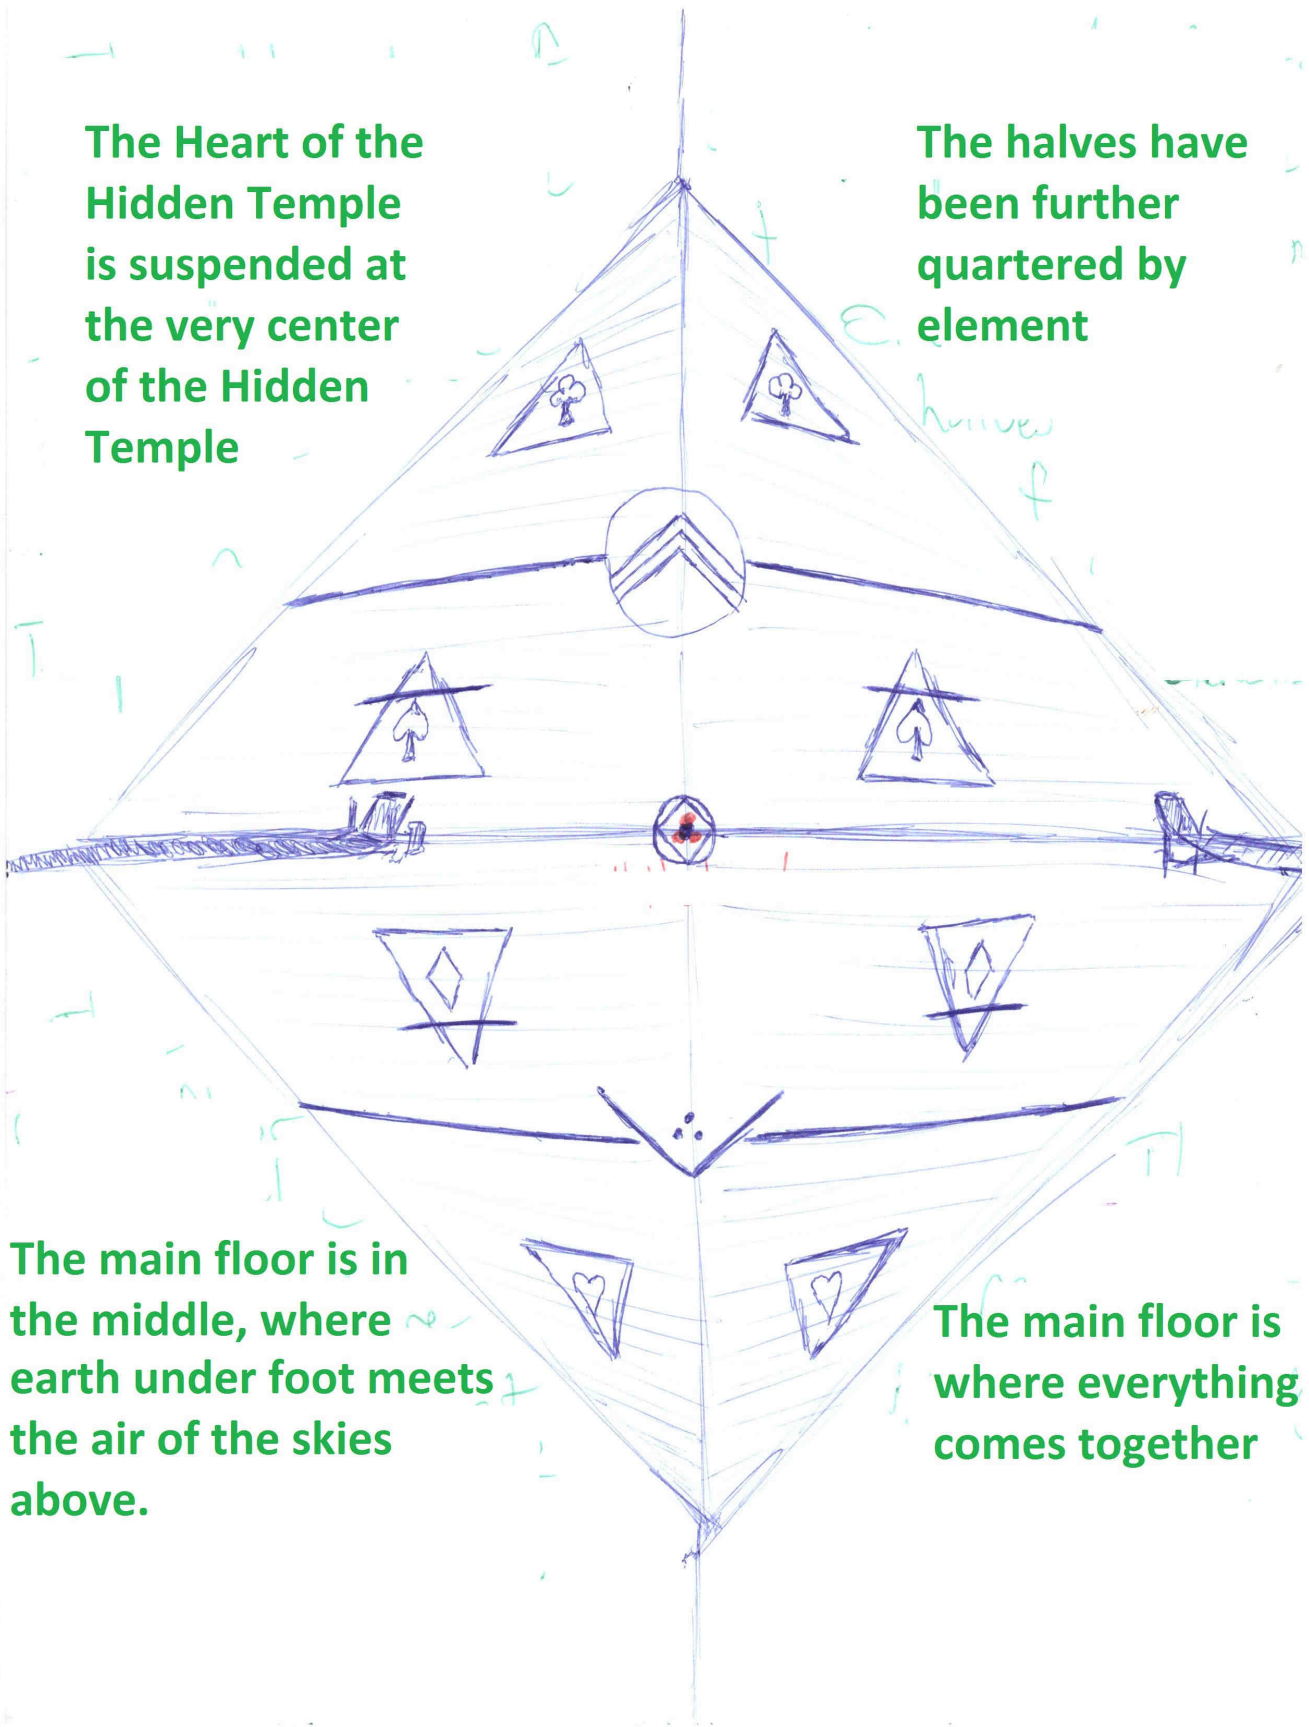

It is anchored in
the Spiritual All
at the top and
the Material One
at the bottom

A tighter grip may increase
velocity leading to death.
CATS hang out in the middle.

The Heart of the Hidden Temple is suspended at the very center of the Hidden Temple

The halves have been further quartered by element

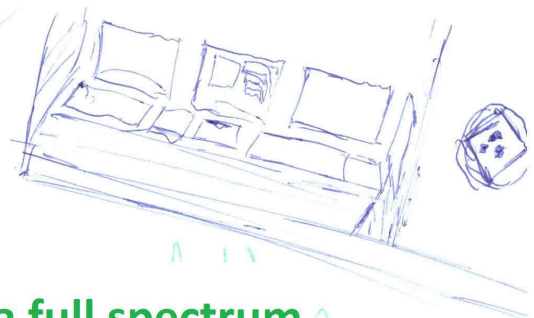

The main floor is in the middle, where earth under foot meets the air of the skies above.

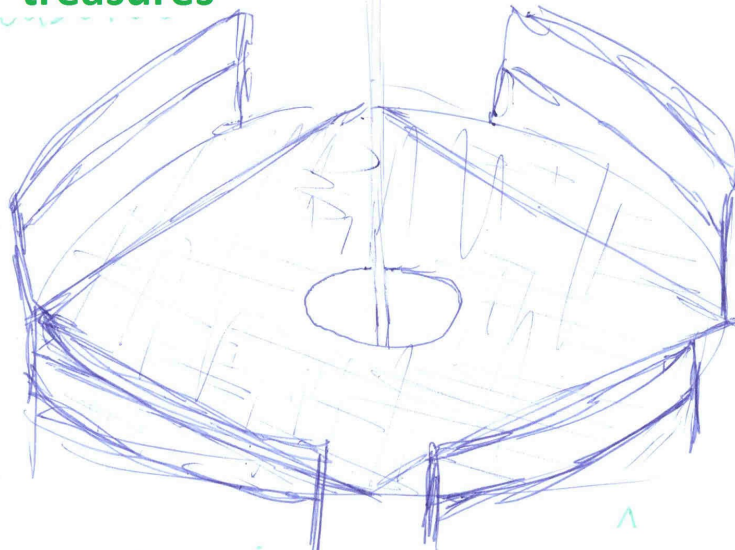

The main floor is where everything comes together

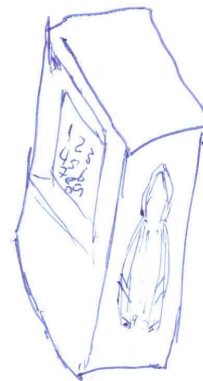

We have
a pool for
swimming in
ancient cultural
treasures

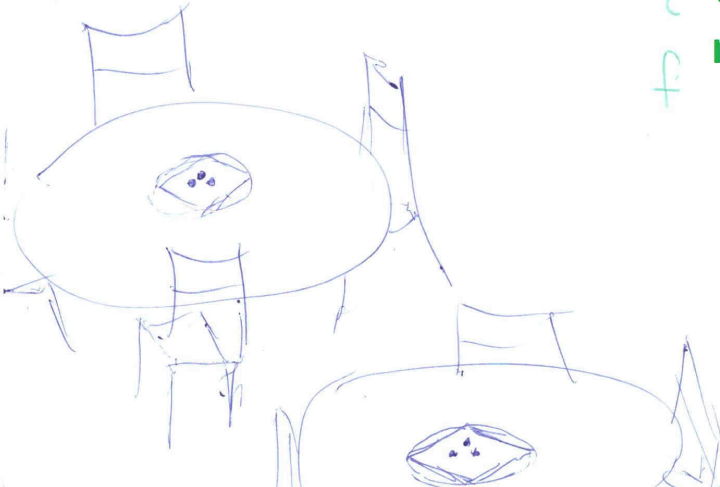

and a full spectrum

places to chill

A guild system cleaves the
various functions of our
network societies.

The Heart of the Hidden Temple is where CATS forge spiritually charged materials called Omni.

Omni has deep memetic fluidity among CATS, and allows them to recognize the Others, and cooperate stigmergically

**Omni flows and flowers across a vast
intergalactic transdimensional network of
Hidden Temples and their environments.**

**Autonomous Transdimensional Sorcerers
achieve critical mass on planets of operation
and await eschatological state change**

**My Body is
my Temple**

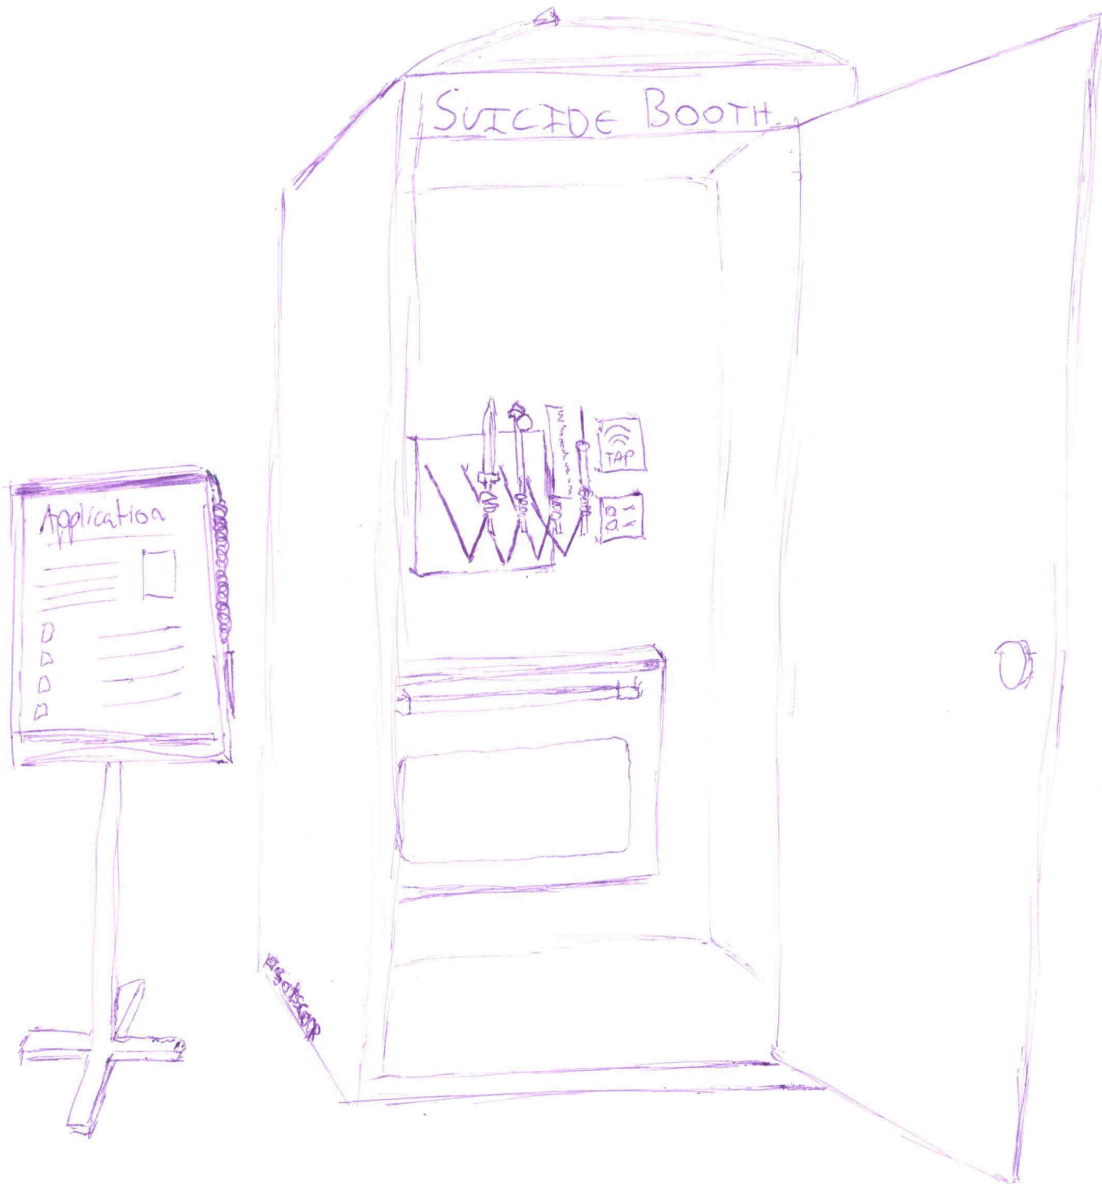

I WANT

YOU!

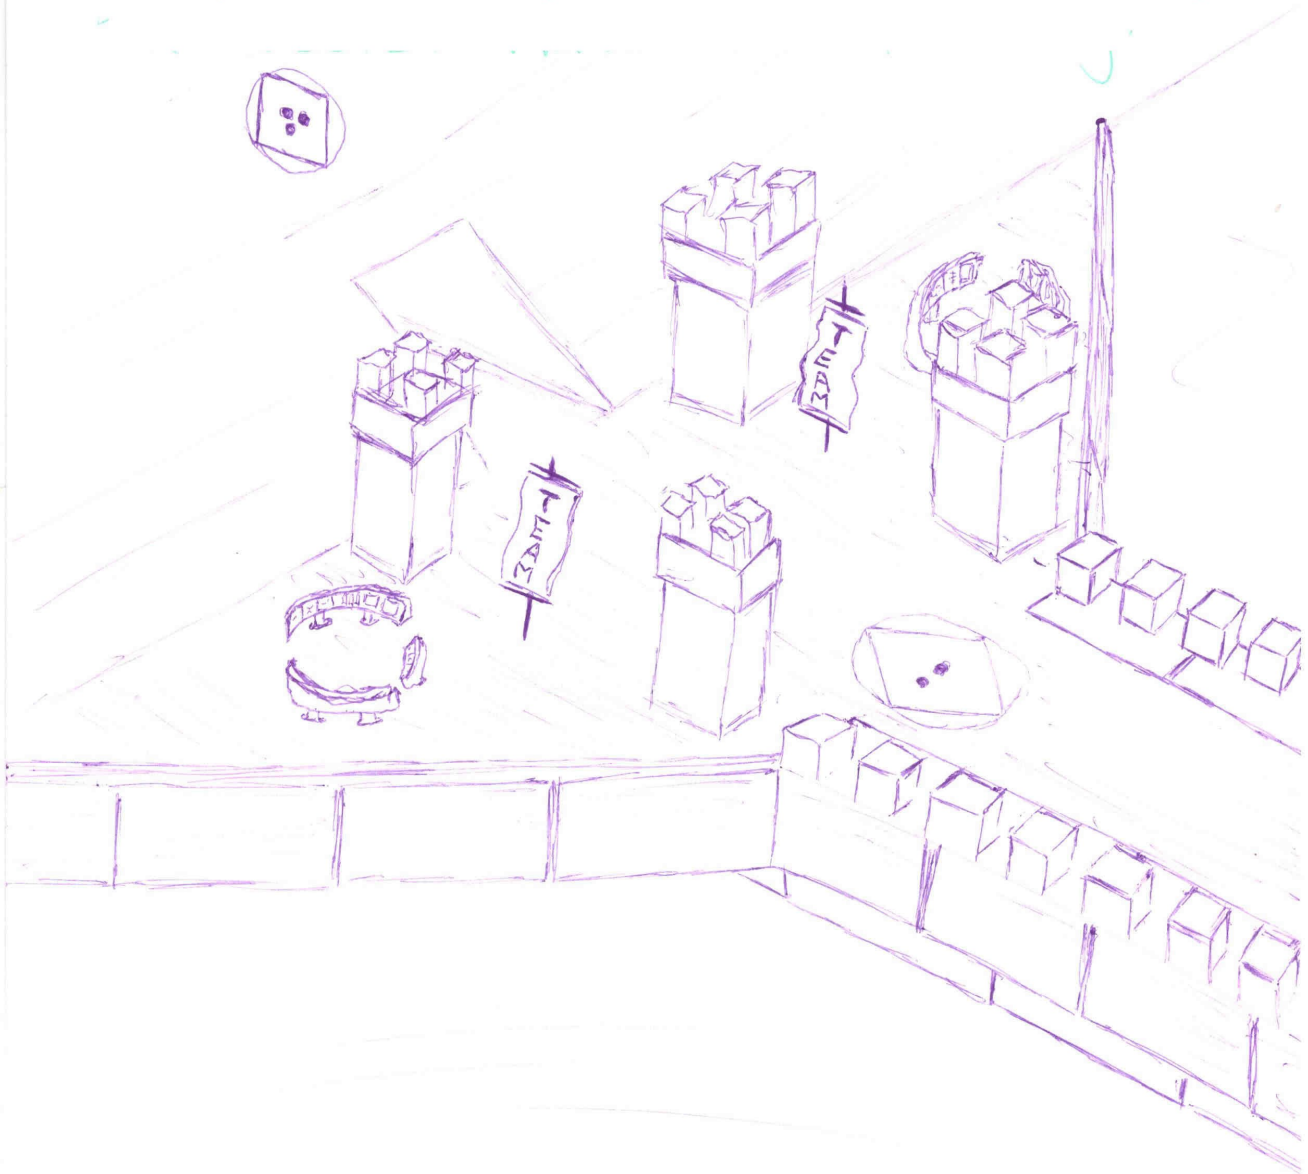

To find the Hidden Temple.

Just fill out this simple Application.

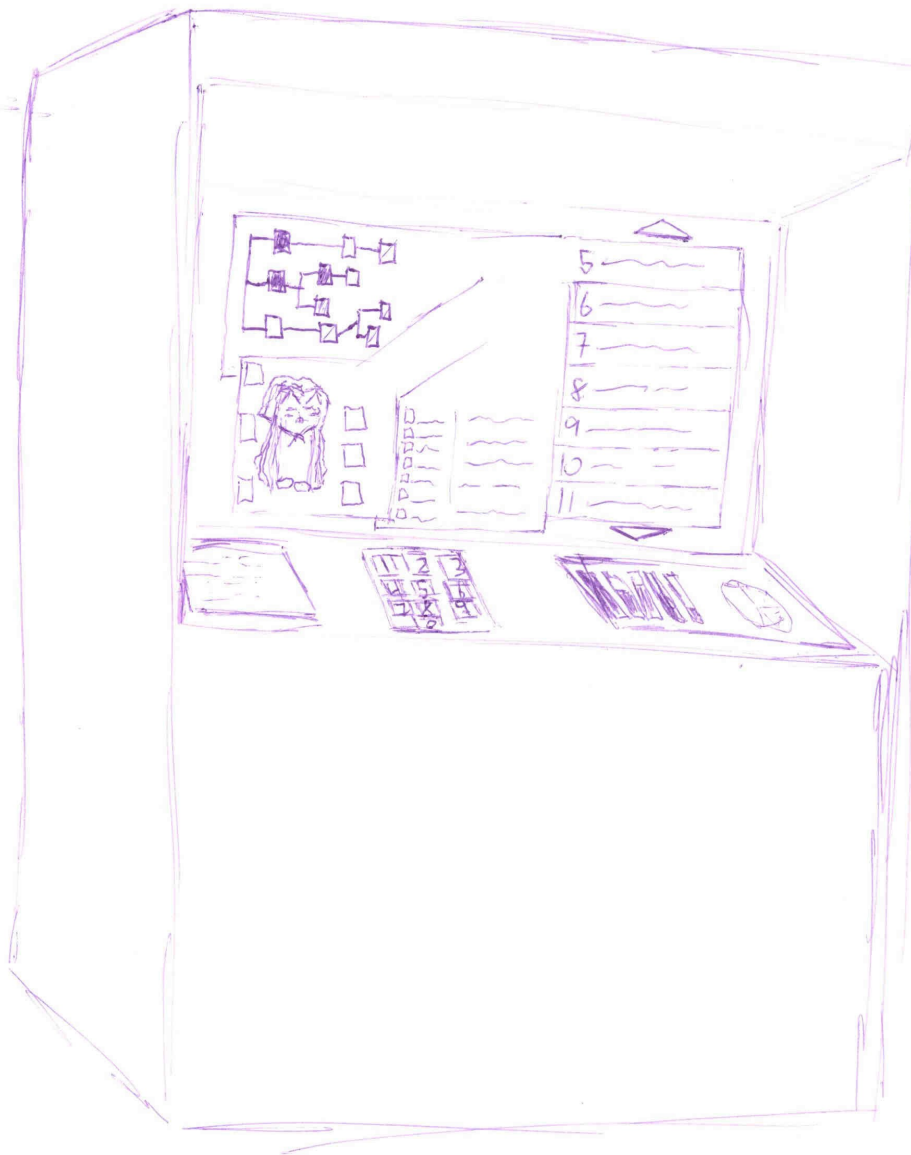

Failure to complete the Application in a timely manner may suggest the need for a spiritual adjustment.

Now report to the Bridge for secret Handshake training.

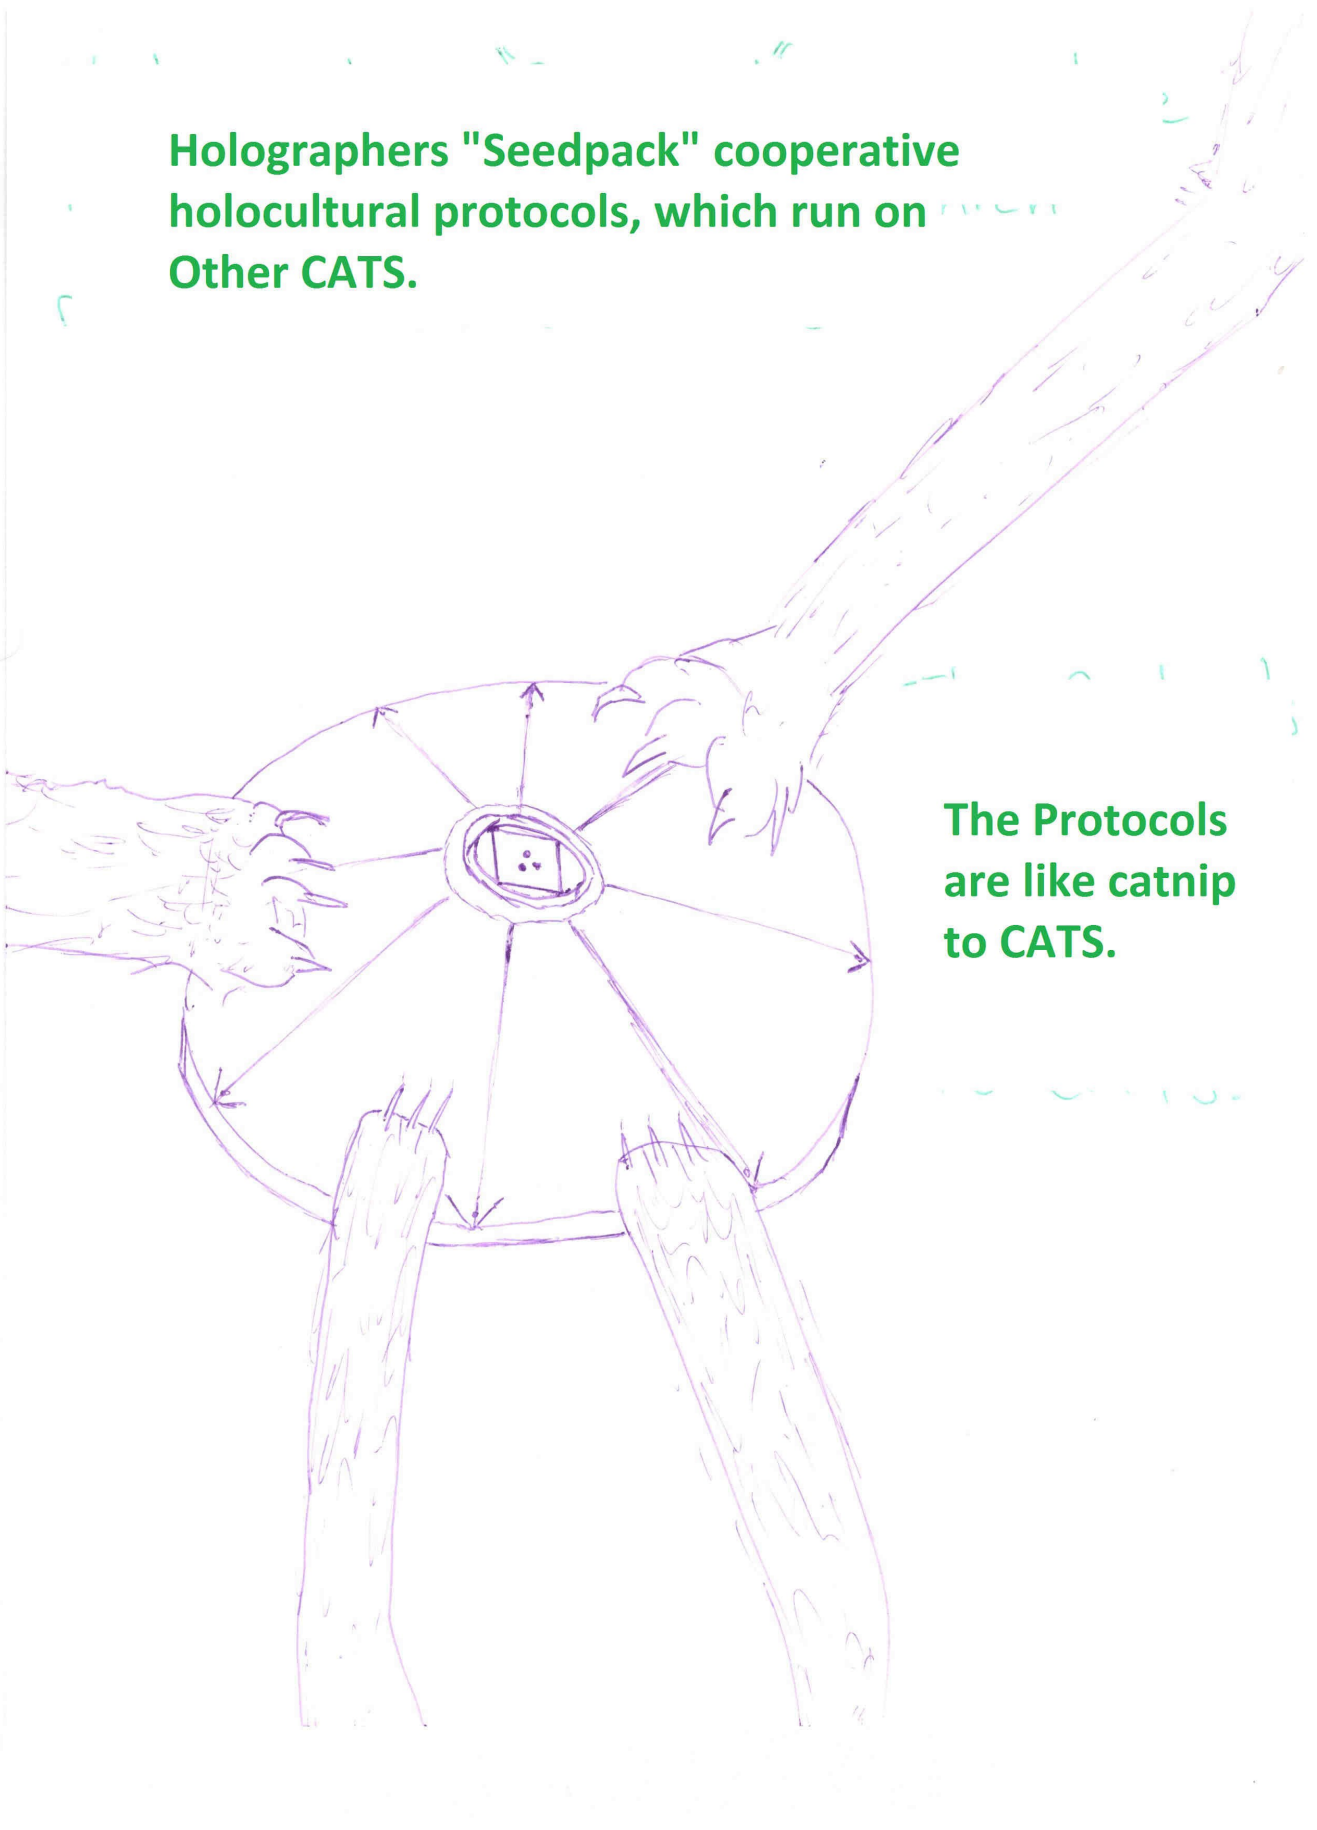

... OK. You are seriously going to have to work on that.

**Let's pull up a guild and update
your outfit and interface**

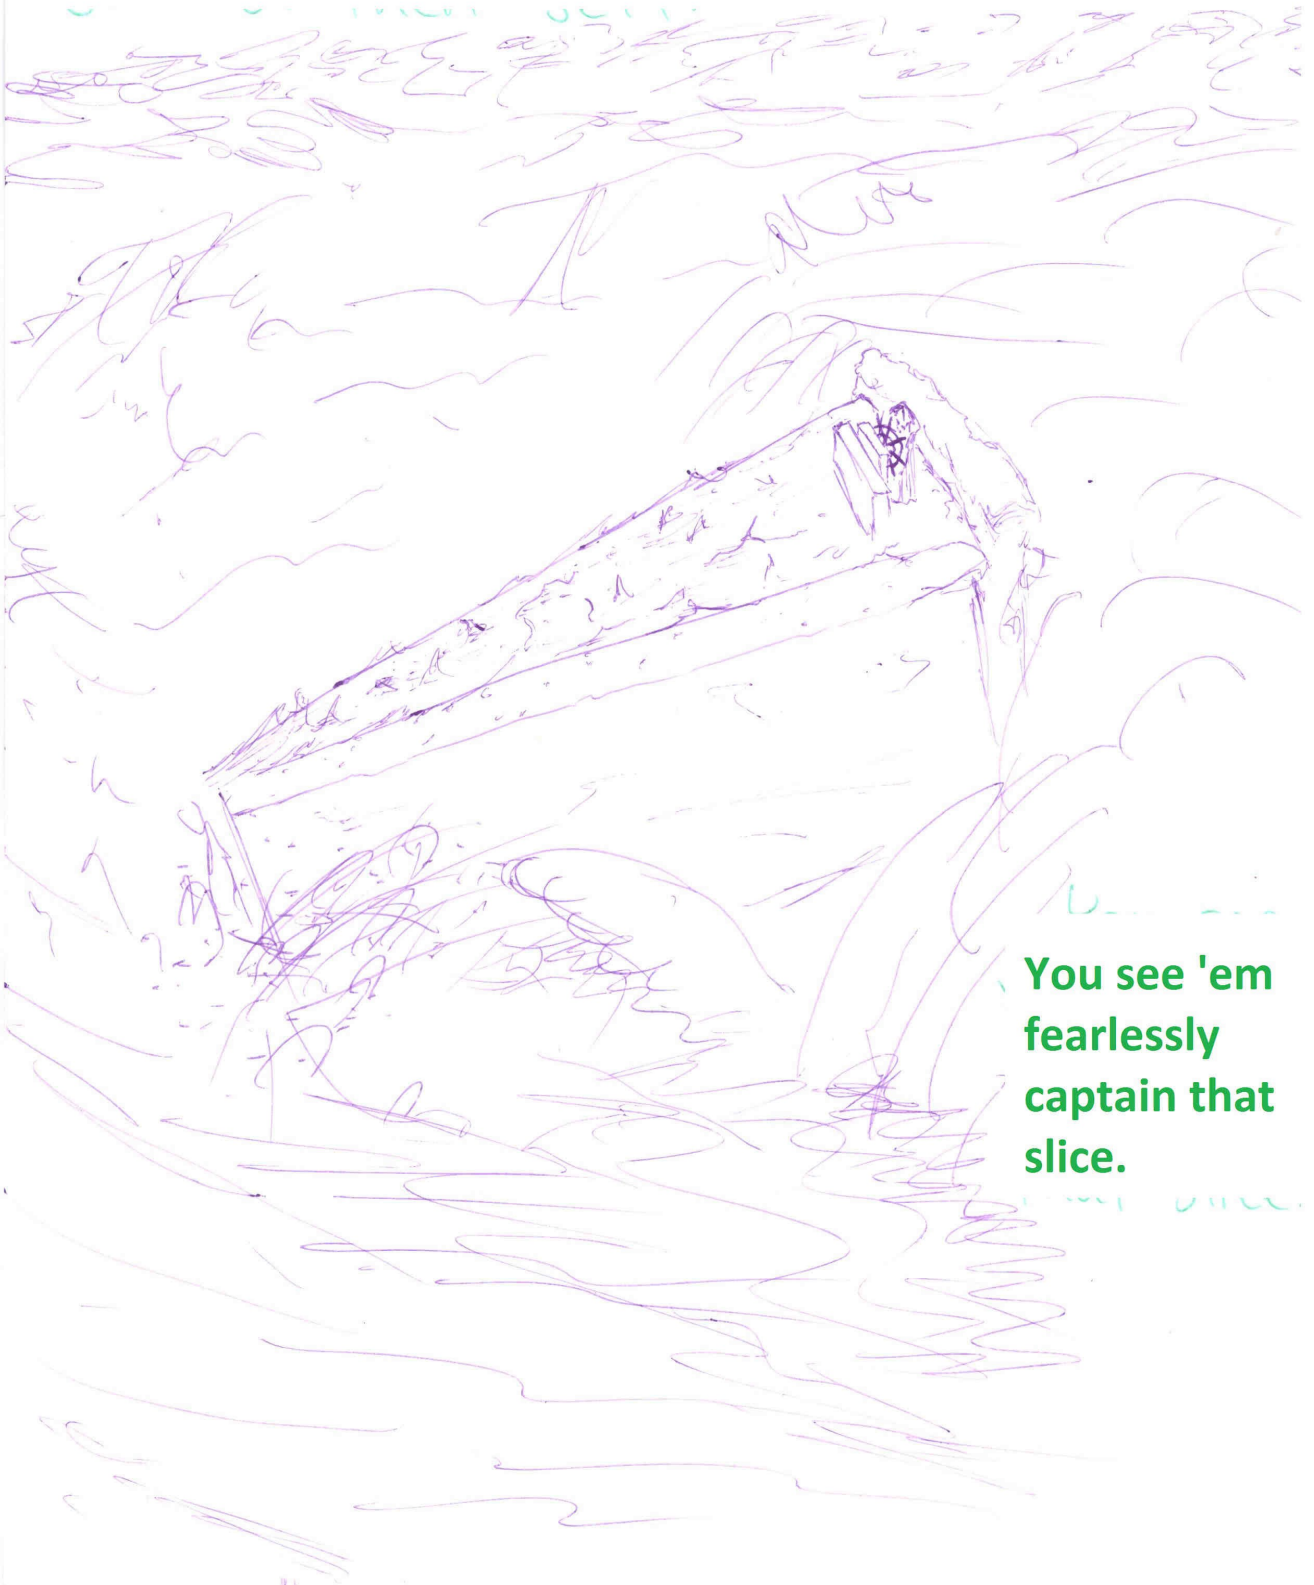

**You do not want to be seen
wearing Default guild.**

**Holographers "Seedpack" cooperative
holocultural protocols, which run on
Other CATS.**

**The Protocols
are like catnip
to CATS.**

CATS love Others as a holographic slice of their self.

**You see 'em
fearlessly
captain that
slice.**

Business CATS are busy creating new and ethical models for organizing communities and economies.

Such as force feeding, resurrection, ultrafascism, exorcism, supercommunism, and terrorism.

**The Sorcery of the Spectacle corporation
has now formed to save the worlds.**

One concentration sweatshop

A purple line drawing of a landscape. In the background, there is a dense forest of trees. In the middle ground, a vehicle, possibly a truck or a large car, is shown from a side profile. The foreground is mostly blank, with some faint lines suggesting a road or ground. The drawing is done in a sketchy, expressive style.

**Sotscorp

**has projected that,
at current pace,
we can and will
entomb planet Earth
in a one meter thick
layer of concrete
by 2045.**

**Sotscorp stocks have soared
on the announcement.**
